

Massage by Pearl is now offering

THE FINESSES MASSAGE TECHNIQUE

Finesse instead of Force

With only 8 ounce of force and natural movements, Fascia is remodeled to match its internal blueprint. Fascia can blossom into pain-free function when released from restrictions. The opposite of traditional massage, FMT is the next generation medical massage. There are less contraindications. FMT works when more forceful methods don't work or shouldn't be applied and can be used for all ages. Most specially those who suffer with CHRONIC PAIN from injury AND FIBROMYALGIA. With FMT amazing changes occur as CHRONIC pain shifts into profound relaxation and self-discovery. FMT relieves the subtle tension that turns into nearly invisible chronic contractions Old bumps, bruises, injuries and minor or major traumas are dispelled gently and permanently. This also results in elimination compensation patterns in other parts of your body!

DID YOU KNOW?.....That Fascia has an electrical signaling system which is distinct and separate from our nervous system?.....that most nerves that signal pain are located in the Fascia, not your muscles or organs? Finesse Massage Techniques communicate with the Fascia in your body. Fascia is an intelligent network of connective tissue that supports all your muscles, nerves, bones and organs. FMT gently communicates with the fascia, rather than forcing short-term change. Your Fascia absorbs this new stimuli, and facilitates change in your tissues. Since the change comes from within rather than being forced on your body externally, the changes last far, far longer.

Call me; *609-675-4929* to set up a full body session

Experiencing the 30 DAY TRANSFORMATION. In a 30-day period, we will schedule 5 sessions. Each session lasts around 2 hours, or as long as you need to receive a full body session.

THE RATE-for full body transformation is \$1,199.00

At the end of one month, you'll notice

*You'll have less or no pain/chronic tension!

* You'll feel stronger, more mobile, more flexible

What happens after a month?

One of the best parts of FMT is that results are long lasting!

You may not need another. Session for several months or a few years.

If you would like a follow-up session: I am happy to accommodate you.

The per-session rate is \$260.00
